

Duc Le (Kelvin)

Mobile Technical Lead

Hanoi, Vietnam minhducc96@gmail.com leminhduc.dev linkedin.com/in/đức-lê-20ba58224 github.com/zerodow

SUMMARY

Mobile Technical Lead with 7+ years building cross-platform mobile and web products, including eWallet and banking apps. Currently leading mobile delivery at Smart OSC for Australian and Vietnamese clients, and serving as AI Guide and department AI Champion — building reusable AI skills, workflows, and knowledge bases for the team. Passionate about performance and clean architecture.

EXPERIENCE

Associate Software Development Expert · Smart OSC

June 2024 – Present · Hanoi, Vietnam

- Mobile technical lead delivering high-quality mobile and web apps for Australian and Vietnamese clients.
- Serve as an AI Guide and department AI Champion — creating reusable skills, Figma-connected workflows, and team knowledge bases.
- Oversee deployment to Google Play and App Store; streamline development processes through mentorship and collaboration.

Senior Software Developer · Globant

June 2023 – June 2024 · Hanoi, Vietnam

- Built mini-apps in a Super App project with modular architecture and reusable React Native components.
- Collaborated with European clients on React Native and ReactJS solutions; wrote unit and integration tests.

Senior Mobile Developer · VPBank

January 2021 – June 2023 · Hanoi, Vietnam

- Developed RaceApp — an internal sales tool for managing loan applications.
- Maintained, refactored and extended Jarvis with React Native and MobX.
- Integrated advanced state management with Redux and MobX; improved app performance and scalability.

Mobile Developer · Viettel Digital

November 2018 – January 2021 · Hanoi, Vietnam

- Built eWallet apps for Viettel's international markets — Halopesa and Mosan (end-user and agent apps).
- Designed reusable components and native modules; collaborated closely with backend teams on API integration.

Mobile Developer · BeetSoft Co

January 2018 – August 2018 · Hanoi, Vietnam

- Developed mobile app features for client projects.

SELECTED PROJECTS

Thiên Khôi Application · Mobile Technical Lead
